FORESTRY

FOREST OPERATIONS MAP

- Before applying for a cutting permit to harvest or a road permit to construct a road, the holder of a forest stewardship plan must:

Prepare a Forest Operations Map

1. show the approximate location of the cutblock that is to be harvested or the proposed road that is to be constructed under the permit, and
2. make the forest operations map publicly available for review and comment;
3. prepare and submit to government a report on the public review

FOREST OPERATIONS MAP

Make the forest operations map publicly available for review and comment.

- Publish a notice on a public website, Tsawak-qin's public website, www.tfl44lp.com, along side our other plans (management plans, forest stewardship plans, forest landscape plans)
- Publish a notice at least once in a local newspaper

How would TPAG like to be advised?

FOREST OPERATIONS MAP

The published info must be consistent between the website and newspaper ad and contain:

Identify where the map can be reviewed

◀(•)▶ online and/or at our place of business

Beginning and end dates of the review period (30 day period)

Address where the maps can be viewed and the hours during which the maps can be viewed

Provide details on how comments may be submitted

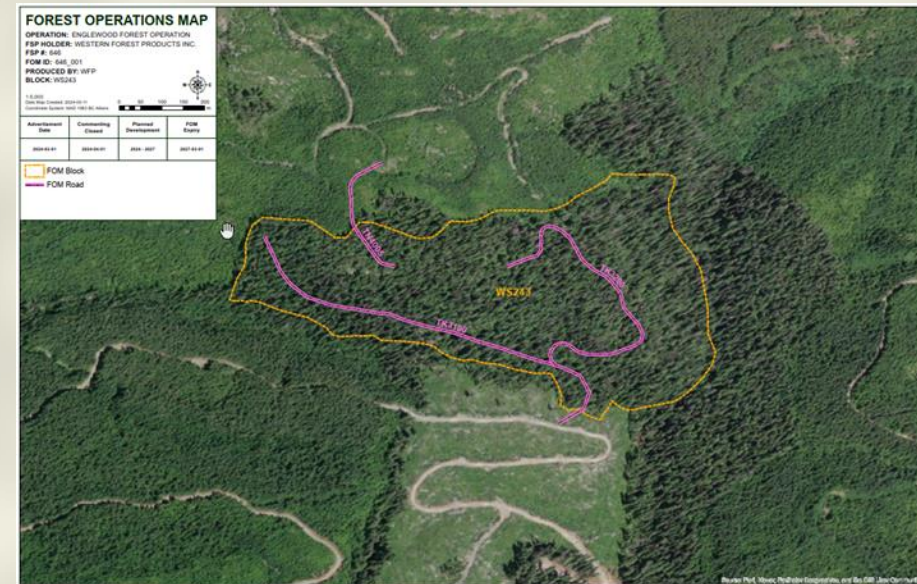

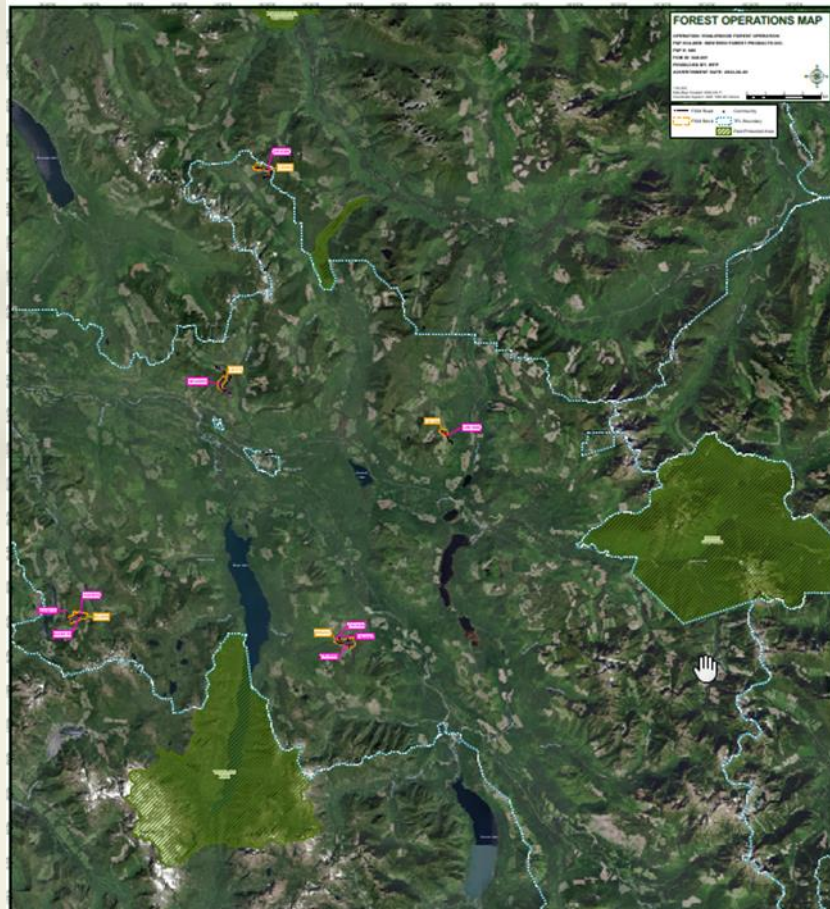

◀(•)▶ online form / email / mail / in person

The 3 year period that the FOM applies (Expiry date of FOM)

FOREST OPERATIONS MAP

Show the approximate location of the cutblock that is to be harvested or the proposed road that is to be constructed under the permit.

FOREST OPERATIONS MAP

Review and comment

A person may submit comments during the 30 day period

A holder of the forest stewardship plan must consider any comments received that are relevant to the forest operations map.

FOREST OPERATIONS MAP

Prepare a report on the public review.

The report is to contain:

- A copy of the published notice

- A copy of the map

- A description of the changes made as a result of the comments

Forest operation map reports will be submitted when applying for a cutting permit or road permit to government.
